

## Curriculum Links with British Values and SMSC

At Woodside, we endeavour to develop the children's spiritual, moral, social and cultural education fully through a creative curriculum and in the broad range of activities planned throughout the school year. Opportunities are also taken to promote SMSC and British Values explicitly through collective worship and focus events, such as the annual heartwood WOW day. As a Church of England School, we uphold Christian values, in particular: hope, love, challenging injustice, worship and respect. British values are embedded through both the Christian values and school rules

Topic/Subject	Year group	
PE	ALL	Competitive sports day and cross country competition Wide range of inter school team competitions Rules and collaboration for team work
